## PLEASE NOTE:

1. Before you proceed to have certified documents completed, you must first obtain Site Plan Approval, and if proposed development is located within the City's Historic District, a Certificate of Appropriateness from the City's Planning and Zoning Board and Architectural Review Committee.
2. Required site plan elements and the Certificate of Appropriateness Applications are due at least 10 business days prior to the scheduled monthly meeting ( second Monday of each month) of the Planning and Zoning Board.
3. Site Plan Approvals are valid for one year after issuance. If a building permit is not obtained within a year after receiving site plan approval, the applicant must re-apply and receive site plan approval again.
4. Building permits are valid for one year after issuance. If construction has not begun within the year, the applicant must re-apply for a building permit.
5. After you have received your Planning and Zoning Approval for your site plan and/or Certificate of Appropriateness, whichever applies, take all development documents to the Building Department Office at 192 Coach Wagner Blvd, Apalachicola to obtain your building permit. Building permit issuance and all inspections will be handled by the Permitting and Development Coordinator and the Building Official contracted to handle the City of Apalachicola Building Permits, EPCI. **Please be advised that additional documentation may be required by the Building Official.**
6. Land and Development regulations can be found on the City of Apalachicola's website @ [www.cityofapalachicola.com](http://www.cityofapalachicola.com).

*It is our intent to save you time and money in plan preparation. The City of Apalachicola Planning and Zoning Board also sits as the City's Architectural Review Board. Our responsibilities include protecting the historical character of the city. By working with the Planning and Zoning Board to obtain a Certificate of Appropriateness, your development will not only proceed more smoothly, but will also enhance the City's architectural integrity and historical character of Apalachicola.*

*Thank you,*

## CERTIFICATION

By Signing below, I certify that the information contained in this application is true and correct to the best of my knowledge at the time of application. I acknowledge that I understand and have complied with all of the submittal requirements and procedures and have read and understand the following:

1. I/We hereby attest to the fact that the above supplied property address(es), parcel number(s), and legal description(s) is(are) the true and proper identification of the area of this petition.
2. I/We authorize staff from the City of Apalachicola and the Permitting and Community and Economic Development Office to enter onto the property in question during regular city business hours in order to take photos which will be placed in the permanent file.
3. I/We understand that the COA review time period will not commence until the application is deemed complete by staff and may take up to 10 days to process. I further understand that an incomplete application submittal may cause my application to be deferred to the next posted deadline date.
4. I/We understand that, for Board review cases, an agenda and staff report (if applicable) will be available on the City's website approximately one week before the schedule Planning and Zoning Board Meeting.
5. I/We understand that the approval of this application by the Planning and Zoning Board or staff in no way constitutes approval of a Building Permit for construction from the City of Apalachicola Community and Economic Development Office.
6. I/We understand that all changes to the approved scope of work stated in a COA have to be approved by the PZB before work commences on those changes. There will be no charge for the revision to a COA. Making changes that have not been approved can result in a Stop Work Order being placed on the entire project and additional fees/penalties.
7. I/We understand that any decision of the PZB may be appealed to the City Commission. Petitions to appeal shall be presented within thirty (30) days after the decision of the PZB; otherwise the decision of the PZB will be final.
8. I/We understand that a Certificates of Appropriateness is only valid for one year from issuance. They are renewable for six months without cause, and for an additional six months, upon showing of good cause by the applicant. The applicant must submit all requests for extensions in writing and provide appropriate support documentation, if needed.
9. I/We understand that the COA is hereby made to obtain a permit to do work and installation as indicated. I certify that all work will be performed to meet standards of all laws regulating construction in this jurisdiction.
10. I/We understand that separate permits are required for **Electrical, Plumbing, Mechanical, and Roofing Work**.
11. I/We understand that there will be no issuance of a COA without the property owner obtaining Homeowner's Association approval (if required) prior to the PZB Meeting and/or before the beginning of any work and in no way authorizes work that is in violation of any association rule or regulation.

## TREE REMOVAL AND TRIMMING APPLICATIONS

The City of Apalachicola Tree Ordinance adopted in 2019, protects the following tree species on privately owned and City owned property: live oak, southern magnolia, sabal palm, slash pine, eastern and southern red cedar, longleaf pine, pecan, bald and pond cypress, sycamore, and water oak.

A copy of the new Ordinance and the tree removal and substantial alteration application is accessible through links on the Building Department webpage at [www.cityofapalachicola.com](http://www.cityofapalachicola.com)

If you have any questions about the new requirements or the new application form, please contact the City Code Enforcement Officer or Permitting and Development Coordinator by e-mail at [cityofapalachicola@gmail.com](mailto:cityofapalachicola@gmail.com) or by telephone at 850-653-1522.

## FEES AND FINES

1. Administrative Fee - The City of Apalachicola will collect a \$50.00 application and processing fee. However, if the application is submitted after the tree is removed and the application is approved at that time, there will be an additional \$50.00 application and processing fee (Total of \$100.00).
2. Fines - If a **Non-Patriarch** tree is removed or altered prior to application submission or if an after-the fact permit for removal or alteration is denied, the applicant, property owner, and/or contractor are subject to a fine of up to \$500.00 per tree. If a **Patriarch** tree is removed or altered without the required approval, the applicant, property owner, and/or contractor are subject to a fine of up to \$25,000.00 per tree.
3. Reforestation Fund – The City of Apalachicola also collects a fee of \$25 or \$35 depending on size for each protected, non-patriarch tree removed by permit, but not to exceed \$250.00 per lot. The City of Apalachicola collects a fee of \$1,000.00 for each patriarch tree removed by permit. The fees collected will be deposited into the Reforestation Fund for the establishment and maintenance of tree in city parks, squares, and public right-of-ways

City of Apalachicola  
General Permit Checklist (Section VII. Site Plan Review Regulations)

General Permit Application Requirements are applicable for all development not subject to site plan requirements. Where required by Section IV I of this ordinance a more detailed site plan shall be required, as per Section IV.

Permit Application /Review – Each application for a development permit and, where required, with the appropriate fee shall be filed with the permit official on a form furnished for such purpose which shall contain, at a minimum, the following information:

- 1. A location map and conceptual site plan of appropriate scale indicating the lot of property lines and physical description of the parcel with respect to:
- 2. General topography including highest elevation above mean or ordinary high water and slope contours.
- 3. The proposed development's distance from mean or ordinary high water and vegetated wetlands under the jurisdiction of the state.
- 4. The number and size(s) of structures existing on the parcel.
- 5. The proposed development's proximity to lot lines, setbacks, right of way, or easements and, where applicable, with respect to septic tank location and potable water supplies
- 6. Sewer/Water Availability
- 7. Flood Information including FIRM Zone. **Note: any proposed development located within the Coastal Building Zone (V and related A Zones) must also provide floodplain management information as identified on supplemental floodplain management checklist.**

For all new construction including any enlargement or alteration of an existing structure that changes its area of enclosed heated floor space, the applicant shall be required to submit, in duplicate, drawings and plans showing:

- The basic floor plan
- Foundation details
- Elevation of flood level above the grade
- Structural details
- All electrical, plumbing, heating and air conditioning equipment and service outlets.

**REQUEST FOR NEW CONSTRUCTION must also include the following information:**

- Site Plan: Certified Survey, including an elevation certification, with the proposed structure depicted. Indicate front, rear, and each side of property in relation to property boundaries and depict setbacks in relation to required setbacks. Any accessory structures must also be depicted, as well as driveways, and any other permanent structures, along with the identification of the materials used in construction of existing and/or proposed driveways. NOTE: For Commercial New Construction parking, stormwater and landscaping must be depicted.
- Elevation drawings of structure to be constructed showing all sides, along with preliminary floor plans.
- A detailed list of exterior materials to be used, to include: siding, roof materials, windows, doors, shutters, and exposed foundations if not on slab.

**REQUEST FOR EXTERIOR RENNOVATIONS OR ADDITIONS TO EXISTING STRUCTURES must also include the following information:**

- Site Plan: Document of drawing showing existing structure located on property, with existing setbacks from property boundaries, all sides. Also, indicate front, rear, and sides of property in relation to property boundaries. Accessory structures must also be depicted, as well as driveways, and any other permanent structures, along with the identification of all materials used in construction of existing and proposed driveways. A certified Survey may be requested if any questions arise.
- Color photos of existing structure, showing all exterior sides.
- A detailed list of exterior materials to be used renovation. If different from existing, explain why appropriate.
- Renditions of proposed renovations, showing location and type of any exterior changes.

## Site Plan Review/Checklist (Section VII. Site Plan Review Regulations)

The Site Plan Review Process is applicable for any development OTHER THAN the construction of one single family residence on an individual lot unless such lot is located within the Special Waterfront District. The development of multifamily dwellings, commercial structures, industrial structures, parking lots, and all special exceptions must be approved through the site plan review process. Also included are projects which involve the alteration or conversion of any existing structure into a multi-family, commercial, or industrial structure which involves a change where there is the need for upgrading of the site for parking requirements, fire flow, storm water management, etc.

### F. SITE PLAN CHECKLIST

Site plans or any portion thereof involving engineering shall be certified and prepared by and/or under the direct supervision of a professional engineer. Site plans shall contain maps and documents indicating the following:

#### A. General Information

1. Name of Project
2. Statement of intended use of site
3. Legal description of the property, size of parcel in acres or square feet and the linear dimensions of the property.
4. Name, address, and telephone number of the owner or owners of record.
5. Name, address, and telephone number of the applicant and firm which he represents.
6. Name, address, signature and registration of the professionals preparing the plan.
7. Date, north arrow and scale, number of sheets; the scale (not smaller than one(1) inch to fifty (50) feet shall be designated and, where appropriate, the same scale should be used in drawing the site plan rather than varying the scale.
8. Vicinity map, showing relationship proposed development to the surrounding streets, wetlands and water bodies shall be at a scale of not less than one inch equals two thousand feet (1: +2,000' )
9. Location and identification of soil characteristics including wettest season high water table elevation, vegetable cover, wetlands, water bodies and the 100 year floodplain, including elevation, on the site.
10. Existing topography at two (2) foot contour intervals for the propose site, except where determined to be unnecessary by the City Planner.
11. Finish grading elevation
12. All existing and proposed building restriction lines (i.e., highway setback lines, easements, covenants, right-of-way, the building setback lines, if different than those specified by the Zoning Regulation.) In addition, state any commitments, such as, contributions to offset public facilities impacts.

#### B. Building and Structures

1. Intended use
2. Number of stories
3. Height of building
4. Number of dwelling units and density for multifamily site plans
5. Projected number of employees (if applicable)
6. (Restaurants) show number of seats and occupancy load.
7. Square footage for proposed development – gross square footage, non-storage area, square footage of each story, gross square footage of sales area, etc.

#### C. Streets, Sidewalks, Driveways, Parking Areas and Loading Spaces

1. If available, engineering plans and specifications for street, sidewalks, and driveways, this information will be required prior to the issuance of a building permit.
2. All parking spaces designated and calculated as per code requirements
3. Number of parking spaces
4. Number and location of handicapped spaces
5. Number and designation of loading spaces
6. Number of square feet of paved parking and driveway area
7. Surface materials of driveways
8. Cross section of proposed street improvements
9. Fire lanes
10. Location of proposed driveways and median cut(s)
11. Internal traffic circulation plan, including directional arrows and signs to direct traffic flow
12. Location of traffic-control signs and signalization devices
13. Designate location of sidewalks
14. Coordinate walkways, driveways, etc., with facilities in adjacent developments
15. All proposed streets and alleys
16. The extension or construction of service roads and access thereto on-site must be shown where applicable

*D. Existing Improvements (On-Site, adjacent to site)*

1. Driveway and median cuts
2. Sidewalks, streets, alleys, and easements (note widths and type)
3. Storm water management systems to include natural and structural (size and materials, invert elevation)
4. Size and location of nearest water mains, valves, and fire hydrants
5. Sanitary sewer systems (size, invert elevations, etc., to be included)
6. Gas, power and telephone lines, where available.

*E. Proposed Water and Sewer Facilities*

1. Water, Size, material and location of water mains, plus valves and fire hydrants. Engineering plans and specifications will be required prior to the issuance of a building permit.
2. Sanitary Sewer Systems. Size, material, and location of lines. Engineering plans and specifications, with submittal of a profile where required, will be required prior to the issuance of a building permit.

*F. Solid Waste. Location (s) and access provisions for refuse service, including pad-screening, fencing, and landscaping.*

- G. Dredge and Fill. If any dredging or filling is intended in the development, a copy of the dredge and fill permit issued by the Florida Department of Environmental Regulations shall be required prior to the issuance of a building permit.*

*H. Storm water Management. A copy of the storm water permit pursuant to Chapter 17-25 F.A.C. issued by the Florida Department of Environmental Regulations shall be required prior to the issuance of a building permit. For those developments exempt from a storm water permit pursuant to 17.25 F.A.C., a storm water management system shall be required of all development within the Special Waterfront District.*

FEMA has released the revised 2012 Elevation Certificate and 2012 Flood proofing Certificate, DEM has done a word-for-word review and determined there are no revisions that change any meaning or in any way alter the information that is collected. However, we encourage you to start reminding builders and surveyors that the revised certificates are now available.

FEMA announced that it will permit a “phase-in” of the revised Elevation Certificate on a voluntary basis. During the 12-month transition period beginning August 1, 2012, FEMA will accept either the new form or the old form. This voluntary transition period will allow for sufficient time for coordination and training of all affected NFIP stakeholders. Elevations certified after the last day of the transition period must be submitted on the new Elevation Certificate form with the expiration date of July 31, 2015.
