**Public Hearing 10/14/24**  
**City Staff Report**

**Background:**

The following special exception requests items will be discussed, considered, and decided upon at the 10/14/24 P&Z Public Hearing:

1. **Discussion & Decision for proposed Bed & Breakfast use in the C/2 Zone at 90 8<sup>th</sup> Street, more specifically described as Block 32 Lot 3 for Daphne Evanoff – Owner; Representative –Self. Applicant is requesting approval of a special exception for a Bed & Breakfast.**

Advertisements giving public notice of these requests and the public hearing were published in The Times on 9/26/24, 10/3/24, and 10/10/24. The advertisement language is within the agenda packet. A Public Notice sign was also posted on the property by 9/20/24. The content of the sign is attached to this report. Citizen Input was sought out through letters sent out to abutting and nearby property owners 9/16/24 with direction to either return the letters to City Hall with comments, email comments, or attend the Public Hearing. Comments will be noted under Citizen Input Findings.

**Citizen Input Findings & Report:**

The letters sent out gave a brief overview of the requests and had a form on the back for citizens to fill out if they were for or against the Special Exception request and give comments on why or why not. 37 letters were sent out on 9/16/24 and two were received back. Any comments received after this date will be presented at the meeting by staff. The results of these letters are:

<b>For: 2</b>	<b>Against: 0</b>
<b>Comments: N/A</b>	<b>Comments: N/A</b>

*Letters are available for viewing at City Hall with a public records request.*

The P&Z Board is tasked with reviewing the Special Exception request and determining if it is consistent with the provisions of the Schedule of District Regulations and in harmony with the purpose and intent served by the LDC. The P&Z Board is also tasked with determining whether the Special Exception would adversely affect the public interest. Questions for the board:

1. **Is this request in harmony with the purpose and intent served by the LDC?**
  - a. The C-2 Zone is the Neighborhood Commercial zone. This zone is intended to include retail, professional, office, financial, and other conventional commercial activities. Certainly, a Bed & Breakfast, is a commercial endeavor, but does this use lean into the purpose and intent of this zone?
2. **If granted, would this request adversely affect the public interest?**
  - a. This location is a direct neighbor to two local businesses and is otherwise surrounded by City owned properties.
  - b. Any B&B activities would be subject to the City noise ordinance in the event of loud activity.
3. **Are there any appropriate conditions and safeguards in conformity with the City code that the P&Z Board would like to assign to the project?**
  - a. Examples include: landscaping, parking, right-of-way clearance, etc. There has been concern over adequate parking being provided for the guests – the City LDC requires that parking be contained on-site and the parking requirements require 1 parking spot per dwelling. For this development 2 on-site parking spots are required. Applicant has submitted a parking plan that can accommodate two 10'x20' parking spaces on site, but this may require the fence to be moved in some.
  - b. This property is listed on the FMSF as a Contributing structure – should there be any safeguards tied to the duration of this Special Exception to aid in the protection of this location?

#### **Possible Results:**

---

If the P&Z Board wishes to:

- **APPROVE the Special Exception**
  - There will need to be discussion on if any safeguard conditions are stipulated for this project and if the board would like to include a time limit for the approval.
- **DENY the Special Exception**
  - There will need to be a basis of denial stated. Ex: The P&Z Board does not agree that the request is in harmony with the purpose and intent of the LDC for \_\_\_\_\_ reasons or the P&Z Board believes this request will adversely affect the public interest based on \_\_\_\_\_.

#### **Applicable Code:**

---

- **Sec. 111-274. - C-2 neighborhood commercial.**
  - (a) District intent. **The provisions of the C-2 district are intended to apply to areas within convenient traveling distance to one or more neighborhoods wherein small groups or retail commercial, professional, office and financial and other conventional commercial activities are permitted.** This district is not intended to accommodate large-scale commercial or service activities or automotive or other type of more intensive commercial activities.
  - (c) Special exceptions. After public notice and hearing and appropriate conditions safeguards, the planning and zoning board may permit, as special exceptions the following:
    - (1) **Bed and breakfasts.**
    - (2) Indoor amusements (pool, billiard, similar uses).
    - (3) Service stations (no repair facilities).
    - (4) Two-family.
    - (5) Residential apartment units.

- (e)(3) Other principal uses Setbacks
  - a. Front: 15 feet.
  - b. Side, interior lot: five feet.
  - c. Side, corner lot: five feet.
  - d. Rear: ten feet.
- (f)(2) Other principal uses.
  - a. Lot coverage: 60 percent.
  - b. Permissible building height: 35 feet.
- (g) Applicable regulations.
  - (1) Parking regulations. See section 111-288.
  - (2) Sign regulations. See chapter 113.
  - (3) Special exceptions. Unless otherwise specified, special exceptions must comply with development standards for principal uses. **If deemed appropriate by the planning and zoning board in order to grant a special exception, certain more stringent standards may be imposed.**
  - (5) Stormwater management plans. Commercial development requires a department of environmental regulation permitted stormwater plan.
- **Sec. 101-60. – Planning & zoning board.**
  - (9) Pursuant to the policies regarding quasi-judicial hearing requirements adopted by the city on file in the clerk's office, the review and disposition of requests for special exceptions consistent with the provisions of the Schedule of District Regulations **and in harmony with the purpose and intent served by this Code. A conditional use may be allowed in a district by special exception. In deciding such questions as are involved in the determination of when special exceptions should be granted and any appropriate conditions and safeguards attached thereto, the board:**
    - a. **Shall find that such grant will not adversely affect the public interest.**
    - b. May prescribe appropriate conditions and safeguards in conformity with the standards set forth in this Code, the Code of Ordinances, the comprehensive plan adopted for the city, and any other applicable land development regulation adopted by the governing board.
    - c. **May prescribe a reasonable time limit within which the action for which the special exception was granted shall be commenced, completed or both.**
    - d. Shall confer with the city commission prior to permit approval on all impact developments.
      - 1. Requests for special exceptions shall be made in writing to the building inspector, stating fully the nature of the use or structure for which the exception is being sought. Such application, along with all documentation and support material necessary in the consideration of the requests, shall be presented to the board staff for preliminary review and recommendations.
      - 2. Public notice shall be given of a public hearing and written notice thereof shall be given to the owner or his authorized agent and, insofar as practicable, to owners of abutting properties and other properties directly affected by the request. In cases where property in question is adjacent to the city limits, the county planning department shall be notified of the proposed special exception. All hearings shall be open to the public and provide opportunity to any party who may wish to appear in person, or by agent or attorney. Applicants may be required to assume such reasonable costs in connection with requests as may be determined by the board through action in setting of fees to be charged.
      - 3. When, in the finding of the board the granting of a special exception is consistent with the intent and purpose served by the particular zoning district for which the exception is sought and all other applicable provisions of this Code, the board shall notify the applicant in writing by certified mail of the decision and of any questions and safeguards attached thereto. The granting of a special exception by the board shall not confer upon the applicant any expressed authority to proceed with any

development not specifically permitted or for which no permit has been issued pursuant to division 3 of this article.

RE: Special exception B&B - C-2 90 8th Street  
Owner - Daphne Evanoff

My story and why I want an exception to for a B&B/transient rental.

I moved to Franklin County in 1988 landing my first job as a server at the Gibson Inn. Logging trucks followed by pick up trucks with oyster sacks and tongs hanging out of the back rambled through town. The waitstaff attired in cumber buns and black bow ties watched and waited for customers to sit at the beautiful appointed tables of white linens and candles. The Reef, The Hut, The Grill and Frog Level were the local favorites.

October 17, 2019 - Thirty one years later my husband Bobby James and I purchased this property. Originally the cottage and mechanic shop was built by the Sylvester and Thelma Taritinos. One more couple occupied the cottage however, by the time we took ownership the property had been vacant for years. Hurricane Michael took its toll on the oaks and sycamore trees delivering final resting places on the cottage and Sylvester's shop. Damaged but not destroyed.

It was a labor of love, sweat, swearing and our friends helped to bring her back to her original beauty. I believe Thelma who rests in sight of the cottage approves of our work. The cottage at one time was on the block as a demo to allow a larger CVS store, but due to the diligence of concerned citizens of Apalachicola, this never transpired.

In 2021 I grieved for my dear friend Debe Beard. In April the cottage was filled with family and friends to celebrate her inspirational, wise, wonderful and sadly short life. Sitting on the front porch admiring the Chestnut Street Cemetery it came to me. 'Glance at the Past'. This would forever honor my friend who to this day touches so many of our lives. To hear her voice on Oyster Radio brings a sadness yet pleasure while her voice transports us on segments of 'A Glance at the Past'.

The cottage now completed we focused on the mechanic shop. This became my studio, my happy place. Landscaping design and installation by my neighbor changed the tree barren yard into an oasis and a perfect back drop for my larger sculptures.

I want to share my love and respect of Franklin County with the guests who visit the 'Glance at the Past'. I have created my own map of my favorite galleries and shops to lead them to works and the artists whom creations embellish the cottage. The walking distance to downtown and supermarket makes this a prime location for my guests to 'park it & walk it'.

Your consideration to allow the exception for a B&B/transient lodging would truly be appreciated. I currently have three affordable yearly rentals in Eastpoint which are occupied by members of Franklin County work force. I as a business owner, I do understand the importance of long term lodging in our community. The proceeds for this rental helps me to offset the expenses of having my studio space. I've finally been able to explore my creativity and techniques. My vision is to have guests stay at the cottage and participate in my workshops that would expand over several days. A visiting artist as a guest at the cottage could facilitate a workshop of their specialty for our community. There are so many possibilities on this unique property.

Sincerely,

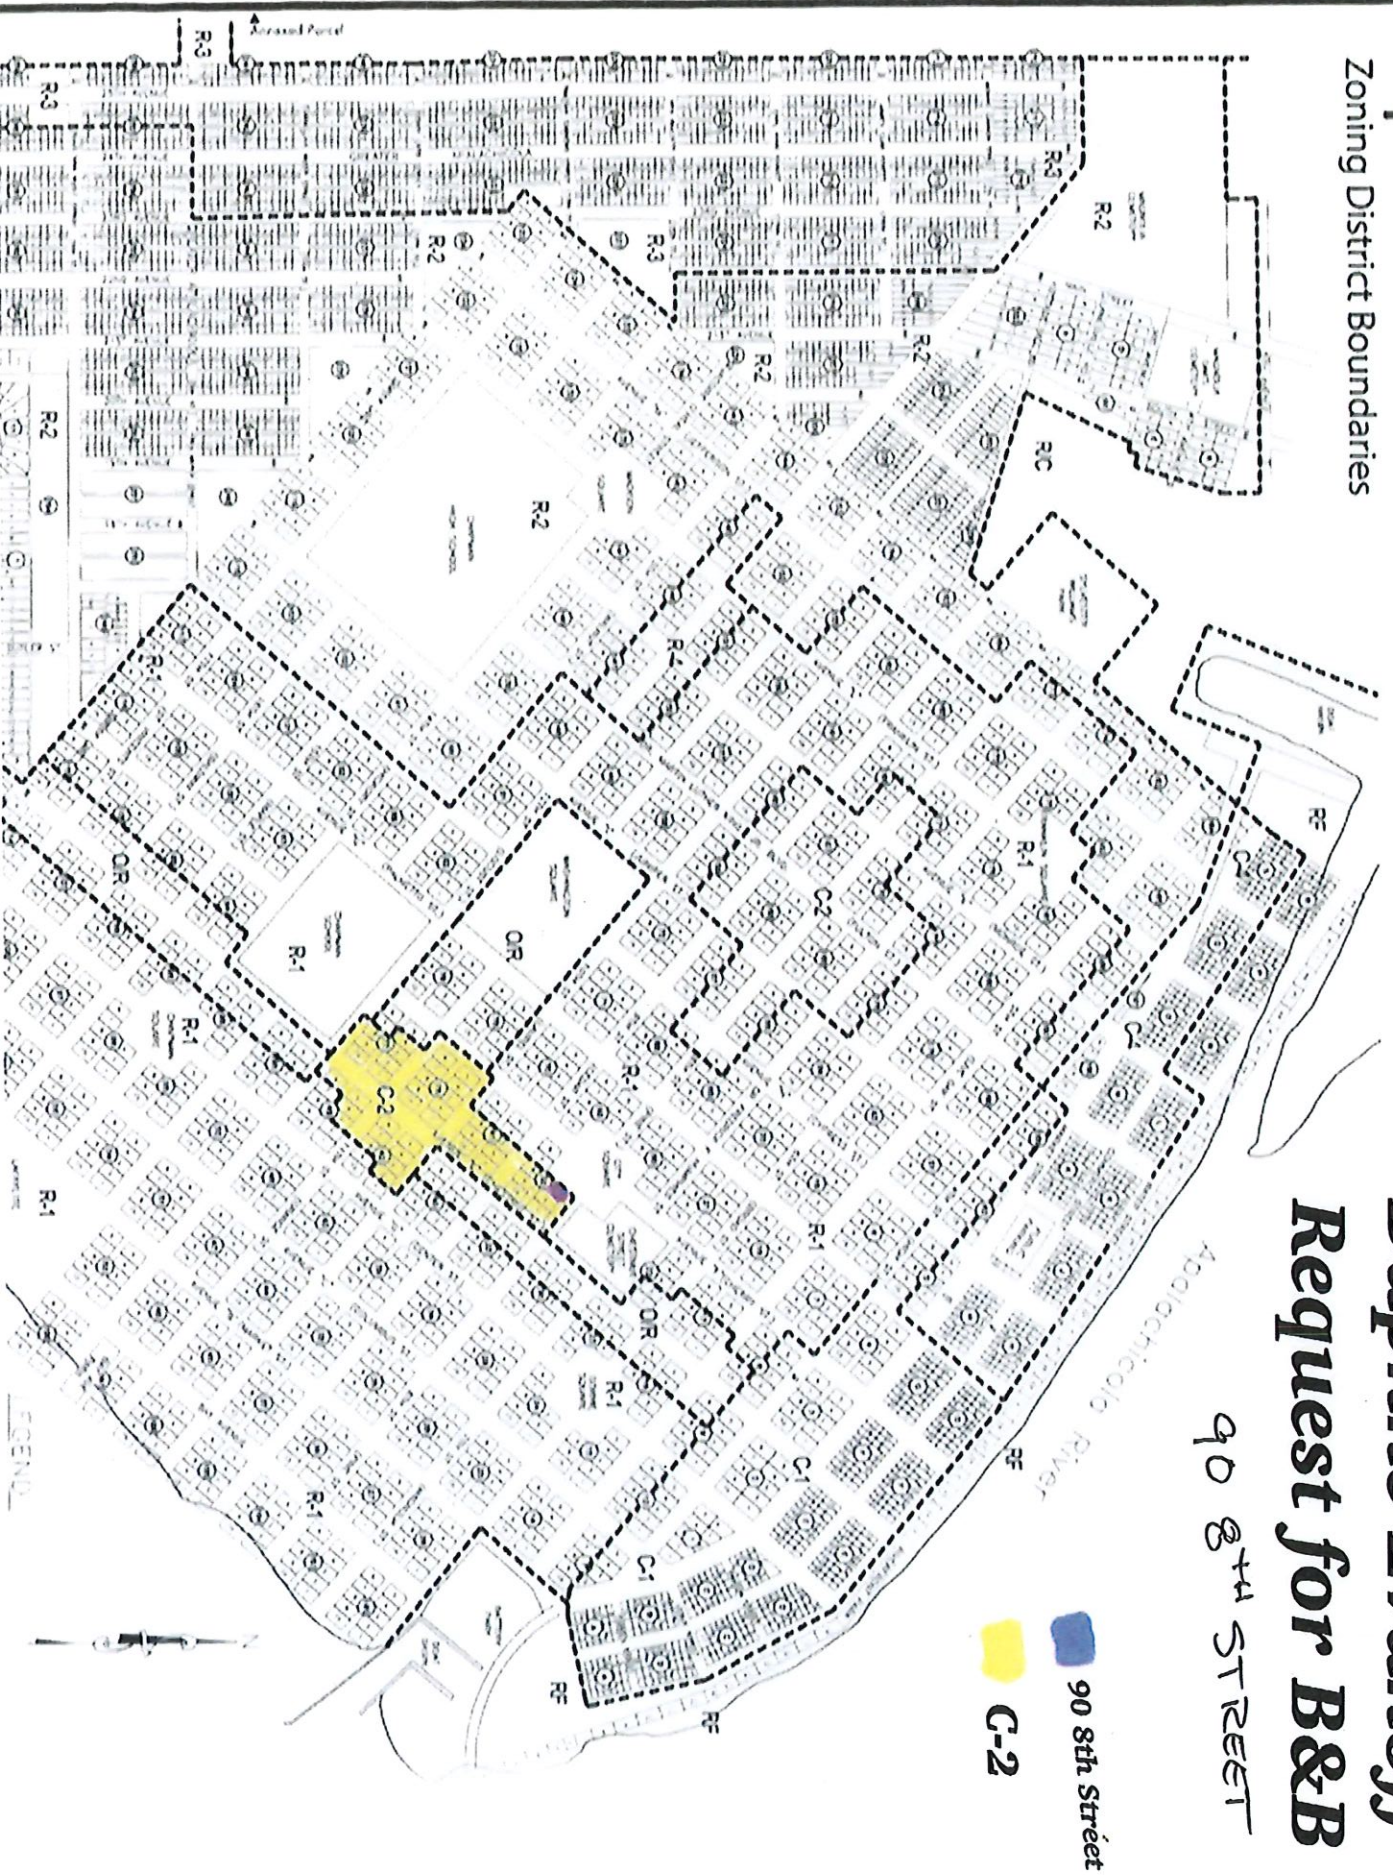

Daphne Evanoff

## Request for Special Exception

C-2 - B&B

90 8th Street - Block 32 Lot 3

I'm requesting a special exception for the purpose of allowing a 'B&B' (transient lodging) for the cottage located on the property listed above. The cottage was completely updated and renovated showcasing two bedrooms and two bathrooms along with an updated kitchen. It has a current license with the State of Florida Division of Hotels and Restaurants. My working studio is on the property. Guest will be encouraged to stop in and visit me while I'm creating. The studio space allows room for them to participate in creating a project as well. I am currently working on developing a workshop 'Finding Balance in Mobile Design'. My vision is having a small group of interested guests renting the cottage together for the purpose of creating pieces of art of their own while visiting Apalachicola. I like to have 'visiting' artists stay at the cottage and facilitate a workshop at the studio as well. Currently, the cottage walls are filled with local artists pieces which showcase the artistic riches of Apalachicola.
